POP		10	10

Legend

- Current water level at high tide
- 6' Sea Level Rise
- 3 - 4 Number of Community Indicators
- 5 - 6 Community Indicators
- 7 + Community Indicators

Data: 2010-2014 American Community Survey, National Oceanic & Atmospheric Administration
 Community indicators represent characteristics that reduce the ability of a community to prepare for, respond to, or recover from a natural hazard. The indicators are based on the 2010-2014 American Community Survey data. The map is based on the regional map. These maps are intended as planning tools.
